

SS 1/4" QUICK RELEASE COUPLER

ARO 210 & RECTUS S14 INTERCHANGE

Fully compatible with standard 1/4" air couplers commonly used here. These robust single shut off 1/4" size couplers are single hand operation, made from high impact and corrosion resistant grade 316 stainless steel

APPLICATIONS:

Ideal for compressed air & fluid applications in corrosive environments and wet areas. Particularly suited to chemical, marine, food & beverage, meat & dairy industry use.

TEMPERATURE RANGE:

-20°C to 200°C

CONSTRUCTION:

316 grade stainless steel with viton 'o' rings

PRESSURE RATING:

0 to 35 bar w.p (0 - 500psi)

PERFORMANCE:

Flow rate 560L/min @6 bar
Inlet pressure with pressure drop of 0.5 bar

INTERCHANGE/COMPATIBLE:

ARO 210
Rectus 14
Rectus 22
Parker 50
CEJN 300
Orion 44510

PARTS:

Part Number	Description
591406CFSS	Female Coupler to 1/4" Female BSP SS
591406PMSS	Male Insert to 1/4" Male BSP SS
591406PFSS	Male Insert to 1/4" Female BSP SS
591410PHSS	Male Insert to 10mm Hose Tail SS
